### 2021 Fresh Potato Exports Fiji weekly FOB \$/tonne

### 2021 Fresh Potato Exports to Fiji YTD and Weekly Volume (tonnes)

<sup>1</sup> The weekly FOB\$/tonne figure is a derived value obtained by dividing the FOB value by the volume. It does not represent the farm gate price or export price. FOB value is the value submitted to NZ Customs by exporters and is the declared value of the consignment at the point of export. Weekly figures are not recorded if the volume for the country is less than half a tonne.
